

ADDENDUM TO APRIL 28, 2014 LETTER TO DOJ/SEC/CFPB

(April 29, 2014)

PROPOSED MODUS OPERANDI

- 1) **Plan A** – Select 500-5000 foreclosed homeowners per State at random. Contact those homeowners/their attorneys and acquire copies of all relevant paper work/research in their possession.
- 2) **Plan B** – Solicit homeowners' attorneys and Pro Se litigants nationwide to share their wealth of information.
- 3) Use the info from all sources to attempt to reconstruct fragmented chains of title. Good luck. Findings of forged signatures, robo-signing, back dating, and on, and on, are a given.

TA-DA, TA-DA, TA-DA !

- 4) Send investigative interrogatories to the law firms and related entities whose names keep popping up.

Insist that they tell, tell, tell.

- 5) Arrests and prison sentences for malefactors should follow their exposed misdeeds. After all, **the law firms, their employees, and contractors, aided and abetted the financial MURDERS committed by the lenders, because the only hands and feet corporations have belong to their legal reps !!!**
